Help a Kid Help a Vet was established in 2015. A group of friends saw a need in the community to help and support active duty military, veterans, and children. Together, they established a non-profit organization to do just that. With the help of their families, volunteers, and community partners, they have been able to raise and donate funds to make a difference in the community.

Over the past 10 years, HKHV has donated over \$115,000 to local charities and schools. This has helped fund field trips, provided Christmas for students in need, local girls athletics, and funded projects to support the Angelus House. We continue to pay postage for care packages sent overseas, Christmas meals for Veterans, Wreaths Across America, and help Veterans in need with utility expenses.
